

Check out episode 25 of our podcast, which features our great partners, [Building Conservation Trust](#) and [Bay Flats Lodge](#)!

[Coastal Conservation Association](#)'s National Habitat Program, Building Conservation Trust (BCT), was created to provide vital funding for grassroots driven habitat projects. BCT strives to be the largest marine habitat restoration, enhancement and creation entity in the United States. BCT and CCA Texas have a strong partnership that has resulted in several successful marine habitat projects throughout the years. That relationship is now expanding through a partnership with Bay Flats Lodge (BFL). Together, these three groups strive to enhance marine life from Matagorda Bay to Rockport. We are excited to have both BCT and BFL on this episode to speak about their operations and announce this exciting cooperative with CCA Texas, BCT and BFL. Guests on this episode include Sean Stone – Executive Director of BCT, Chris Martin – Owner of BFL, TJ Christensen – BFL Operations Manager, Randy Brown – BFL Assistant Manager, Kevin Matula – BFL fishing guide and John Blaha – CCA Texas Habitat Director."

## Coastal Advocacy Adventures Podcast – Episode 25: Building Conservation Trust and Bay Flats Lodge: Building the Future for Marine Habitat
